MOHAMED RAGAB

FULL-STACK DEVELOPER | React | Node.js

muhammedahmedragab@gmail.com | +20 109 718 2681 | Egypt

GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Full-Stack Web Developer and final-year Information Systems student with hands-on experience building responsive web applications, e-commerce platforms, and role-based dashboards. Experienced in developing frontend applications with React.js, Next.js, and TypeScript, integrating REST APIs, and implementing authentication and protected routes. Familiar with backend development using Node.js and Express.js, relational databases, SQL, and Supabase. Delivered a production e-commerce platform for a client and continued development under a renewed contract. Seeking a Junior Full-Stack Developer or Internship opportunity to contribute to real-world applications and grow as a software engineer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Frontend Development: React.js, Next.js, Tailwind CSS, shadcn/ui, Responsive Design, Mobile-First Development

Backend Development: Node.js, Express.js, RESTful APIs, CRUD Operations, Authentication, Authorization, Role-Based Access Control (RBAC)

Databases: PostgreSQL, Supabase, Relational Database Design, SQL Queries

Tools & Platforms: Git, GitHub, Vercel, VS Code, Chrome DevTools

PROFESSIONAL EXPERIENCE

Frontend Developer | Freelance

- Developed and delivered a production e-commerce platform for a women's fashion brand using Next.js and TypeScript.
- Built the customer storefront and admin dashboard, including products, cart, checkout, orders, users, and inventory management.
- Connected frontend features with backend endpoints and successfully delivered the platform to the client.
- Continued development under a renewed contract to add new features, including multilingual support.

Frontend Developer Intern | Elevvo

● Developed responsive React.js interfaces and reusable components using Tailwind CSS. ● Fetched data from REST APIs and collaborated with the development team using Git and GitHub.

PROJECTS

E-Commerce Platform (Production) | Next.js | TypeScript | Supabase | shadcn/u | SQLqueris. **Live Demo**

- Built a responsive e-commerce platform with products, product details, cart, and Cash on Delivery checkout.
- Developed an admin dashboard for products, categories, users, inventory, and order management.

Clinic Management System (Frontend) | Next.js | TypeScript | shadcn/ui | Tailwind CSS
Live Demo

- Built a responsive multi-role dashboard for Doctors, Receptionists, and Patients with RBAC. ● Implemented authentication and protected routes using Next.js Middleware.

Marketing Agency Platform (Frontend) | Next.js | TypeScript | Tailwind CSS | shadcn/ui **Live Demo**

- Developed a responsive SEO-optimized website with metadata, Open Graph tags, and semantic HTML.
- Built a multi-role dashboard with Leads, Calls, filtering, and status management.

EDUCATION

Bachelor's Degree in Information Systems (IS)
Currently Pursuing

CERTIFICATIONS & COURSES
